
Technical Datasheet

PP-Black-H

1) Product Description:

- ✓ PP-Black-H as homopolymer polypropylene with black color

2) Application:

- ✓ this grade can be substituted for Z30S and C30S.
- ✓ basic materials for injection moulding of thermoplastics for electrical, automobile and home appliance industries, for electronics industry, and others.

3) Typical data:

PROPERTIES	TEST METHOD	UNIT	TYPICAL VALUE
MFI (230 °C, 2.16kg)	ISO 1133	gr/10 min	6-8
Ash content	ISO 3451	%	<4.5
Tensile Strength at yield	ISO 527	MPa	26
Elongation at yield	ISO 527	%	7.5
Impact Strength- notched	ISO 180	KJ/m ²	4
